

## A Garden in My Kitchen? I Love It!

Nick, want to cook with fresh basil? Taste homegrown cherry tomatoes? Or enjoy colorful cascading petunias? Meet the [CounterGrow 12](#). This indoor countertop hydroponic garden grows up to 12 varieties of herbs, veggies, and flowers at the same time. No soil required, no mess to clean. And your plants grow faster than outside, year-round, in any weather. It's incredibly easy to use. Set it up and enjoy your first harvest within a month.
